

Sweden-Korea Joint Workshop on Biomedical Image Analysis

- Date: August 18, 2016 (Thur)
- Venue: Matrix Hall, KI Building (E4), KAIST
- Program

Time	Speaker	Seminar Title
13:30 – 14:00	Registration and Networking	
14:00 – 14:15	Prof. Jinah Park KAIST (School of Computing)	Introduction to activities of KAIST Special Interest Group on Medical Imaging
14:15 – 15:15	Prof. Örjan Smedby KTH Royal Institute of Technology (School of Technology and Health)	Imaging Biomarkers - some examples of quantitative measurements of disease using medical imaging
15:15 – 16:00	Coffee Break and Networking	
16:00 – 16:35	Prof. Dong Yeon Lee Seoul National University (Department of Orthopaedic Surgery at Seoul National University Hospital)	Evaluation of Position & Motion of the Tarsal Bones in the Foot
16:35 – 17:25	Prof. Namkug Kim University of Ulsan College of Medicine (Dept. of Convergence Medicine/Radiology)	From bench to bed side: Medical imaging research @ AMC 기초에서 임상으로: 서울아산병원의 의료영상연구
17:25 – 17:35	Wrap-up	

· Organizer: 카이스트 컴퓨터 그래픽스 및 가시화 연구실
KAIST Computer Graphics & Visualization Lab (<http://cgv.kaist.ac.kr>)

· Cooperation with

카이스트 의료영상분야 미래융합기술 연구회

KAIST Special Interest Group on Future Emerging Technology of Medical Imaging(<http://cgv.kaist.ac.kr/sigm>)

Sponsors

School of Computing
